Contesting Nomination State Secy. At Phoenix

(Associated Press Leased Wire)
PHOENIX, Oct. 6.—Charles de Sales Wheeler, who sought the Democratic nomination for secretary of state in the primary election in this state September 7, last, today caused a contest to be filed in the superior court here against Harry S. Ross, who had been officially certified by the secretary of state as the party's nominee on the basis of the official canvass of votes by boards of supervisors of all counties in the state.

Wheeler's complaint alleged errors in the counting of votes and the canvassing of returns in various counties and claimed that "Charles de Sales Wheeler did receive the highest number of votes for such party nomination."

Court Issues Summons

The court issued a summons to Ross, allowing him 10 days in which to file answer after the service of the summons.

The official canvass was said to have shown Ross received \$704 votes; Wheeler \$247; Nellie A. Hayward 7756 and E. A. Carroll 3757, all four having sought the Democratic nomination.

Grounds For Contest

The complaint set up five allegations as grounds for contest as follows:

1. That because of the erroneous count of votes, Wheeler and not Ross received the highest number of votes.
2. That in many precincts of every county all votes cast for Wheeler were not counted and that he received in many precincts more votes than counted for him or certified as having been received by him.
3. That in many precincts, in every county, votes cast for Wheeler were counted as though cast for Ross.
4. That in those precincts election officers counted votes as cast for Ross which were not cast for him and certified that Ross received more votes than actually were cast for him.
5. That in Navajo, Apache, Graham, Yuma and Yavapai counties many errors were committed by boards of supervisors in canvassing returns, namely, in accrediting to Ross more votes than were returned, by election officers of the various precincts.

The complaint petitioned the court that Wheeler be declared the party nominee and further that he be permitted an inspection of ballots for

MOST SERIOUS WARFARE SINCE LATE CONFLICT, CLOSES WITH ARMISTICE

WARSAW, Oct. 6.—The cessation of hostilities between the Russian soviet and Polish forces on Friday when the armistice is expected to be concluded will mark the close of the most serious warfare following the great war.

The fighting between the Russians and Poles began in December, 1918, and reached an acute stage when the Poles began their first sweep eastward to Kiev, which they captured, followed by their gradual retreat until the soviet forces had again forced their way westward and were threatening Warsaw. The present negotiations were initiated about that time, first at Minsk and then at Riga, and have resulted in the armistice now announced which is to bring the fighting to a halt on Friday.

HARDING STARTS MID-WEST TOUR

(Associated Press Leased Wire)
CHICAGO, Oct. 6.—Senator Harding stopped over for four hours in Chicago tonight on his mid-western speaking trip, but spent the time quietly at a downtown hotel resting and talking over campaign policies with party leaders.

Although no speech and no formal reception were planned, the candidate did not escape popular attention. A crowd at the railway station cheered him when he emerged from his private car and another throng was gathered about his hotel. During his trip from Marion, he had been greeted by cheering throngs at several Ohio and Indiana cities and made short speeches at Lima, Ohio, Decatur, Huntington, Crown Point and Hammond, Indiana.

Speech at Des Moines
Departing late tonight, the senator will make his first prepared speech of his trip at Des Moines tomorrow morning. A pronouncement on the league of nations, probably embodying a reply to recent Democratic attacks, is expected.

Auto Bandits Go to Pen

For Robbing Utah Bank
SALT LAKE CITY, Utah, Oct. 6.—The four automobile bandits, H. A. Gravell, J. T. Smith, William Bonney and Frank Rogers, who late in September held up the Sugar House bank here and took approximately \$6000 were today sentenced to indeterminate terms in the Utah state penitentiary by District Judge Harold M. Stephens. They had entered pleas of guilty and were captured on the night of the holdup by a posse near Provo, Utah.

Western Sugar Refiners

SAN FRANCISCO, Oct. 6.—Local sugar refiners announced today another drop in the local price of refined cane sugar to the jobber of 50 cents a hundred pounds following a fall of \$1.50 yesterday. Beet sugar was reduced in proportion, making today's prices \$12 for cane and \$11.80 for beet.

Sen. Ashurst Awakens His Audience To Real Issues

Senator Henry F. Ashurst opened the Democratic campaign in the Warren district last night with a resounding speech at the city park which was an eloquent presentation of the great principles for which the Democratic party stands. He made graphic comparisons of the results of Democratic and Republican administration, and vividly impressed his hearers with the responsibility that will fall to them at the general election on November 2.

Senator Ashurst unhesitatingly stated his stand on the League of Nations, declaring, "I am for the league, with or without reservations, but I would prefer some reservations." He made an eloquent plea to the people of Arizona to stop what he termed the practice of stabbing President Wilson in the back. "I call upon the manhood and womanhood of the state to stop these assaults made upon him over the shoulder of Governor Cox."

People Have Power

Senator Ashurst said in part: "We are here as Americans to take part in the affairs of the government, and to do our part in administering the business of the nation. We are on the threshold of an election. Again our fellow citizens are called upon to select government officials. This audience tonight has the power, possibly, to determine the results of an election. If we suffer from bad government, evils in political affairs, the

ROOSEVELT SAYS COX BEST FITTED FOR WORK AHEAD

PUEBLO, Colo., Oct. 6.—Support for the national Democratic ticket because it favors going into the league of nations and affords the best opportunity for the development of the wonderful resources of the west was asked by Franklin D. Roosevelt, Democratic vice presidential nominee, in an address here tonight before an audience which filled the Municipal auditorium.

"As the campaign progresses," he said, "it becomes increasingly clear that Mr. Harding is appealing more and more to the unfaith of the country and less and less to the faith of the country. The so-called Republican leaders have no leadership, not even on common purpose except the purpose of criticism and complaint of anything suggested or accomplished by anyone else."

Position Well Understood

"The position of Governor Cox and myself is clear and can be understood by every citizen. We are in favor of having the United States join the forty-one civilized nations now in the league and of giving up our association with Russia, Turkey and Mexico. At the same time we wish to make it clear that not one single constitutional or congressional right shall be given up by our entrance in the league. We are wholly willing that this be made plain. If we go in, as Governor Cox has said, I can assure the American people that not one single soldier shall leave our shores without the full approval of the American people and the consent of the congress of the United States."

Issue Above Party

"I cannot make it too clear that this issue of the league of nations is above party, but that unfortunately it has been injected into the campaign and at election Nov. 2 will, with absolute truth, be a referendum on the question of whether we shall take our place among the other peoples of the world. A vote for Cox is

DEATH STALKS IN PETROGRAD

(Associated Press Leased Wire)
PARIS, Oct. 6.—A graphic, eye-witness description of the fearful conditions existing in Petrograd is given by the Finnish Red Cross in an appeal just issued to the Red Cross societies of the world. It is accompanied by documents prepared by Professor Zeidler, formerly head of the Petrograd Red Cross, but now a refugee in Finland. The documents, which reached the Paris bureau of the American Red Cross today, tell the story of the agony of a dying city. Petrograd's present population, based on the food cards, is from 500,000 to 600,000, and the former capital of the czar is described as having shrunk to one-fourth its pre-war size. The report says:

Death on Every Side

"Death stalks on every side waiting for winter to aid in the grim work of mowing down the silent, hungry, sick and dying thousands. With streets and houses choked with filth that is already spreading spotted and intermittent typhus, the cold weather will finish the task with pneumonia and abdominal typhus."

"The fuel situation was never so bad. Wooden houses have been torn down for fuel. The material is disappearing."

Drops From Airplane in Parachute, 6000 Feet

NOGALES, Ariz., Oct. 6.—Sergeant C. W. Lark made a parachute jump today at an altitude of 6000 feet from an airplane piloted by Lieutenant B. K. Knapp, traveling at 120 miles an hour. High wind prevented Lark's first parachute from opening and he cut loose a second as he plunged toward earth. It opened. Nearing the ground, the parachute caught the top of a tree, but Lark landed safely.

Union Official Wants Interstate Convention

PITTSBURGH, Kan., Oct. 6.—Alexander Howatt, president of the Kansas coal miners, today sent a letter to the officers of the Oklahoma City-Arkansas district and the Missouri district asking for an interstate convention of the miners' union at the earliest possible date to consider action following the refusal of the operators to grant demands of the union for increased pay for the tonnage miners.

Reed and Borah Busy With Attack On President Wilson; Condemning World League

PROMISE TO AID RUMANIA PEEVES MISSOURI SOLON

KANSAS CITY, Oct. 6.—Asserting that President Wilson had made a statement at the peace conference promising Rumania and Serbia American military assistance under the proposed league of nations covenant, United States Senator James A. Reed of Missouri, Democrat, late today sent a telegram to Senator Selden P. Spencer, his Republican colleague, declaring that "the statement was a matter of record and suggesting that the president produce the stenographic reports of the peace conference showing 'just what was said.'"

Senator Reed's telegram was in response to one from Senator Spencer asking information on the subject. Senator Reed's message declared the statement was made by the president in an address before the peace conference May 31, 1919, but "did not get by the censor" until December 3, 1919, when it was brought to this country by a newspaper correspondent and published in the Washington Star on that date.

From Congressional Record

"The speech also appeared in full in congressional record of December 4, 1919," the telegram continued, adding that it also was copyrighted by a news syndicate and given wide circulation throughout the country.

"On several occasions I challenged the attention of the senate to this speech," the telegram said. "My speeches by scores of thousands were circulated through the country. Numerous publicists and speakers have repeatedly referred to and commented upon this declaration. Its authenticity was never disputed in the senate or elsewhere to my knowledge until Mr. Tumulty recently denied it as false. The speech bears upon its face evidence of its authenticity as it is couched in the well known phraseology of the president. In view of these facts a discerning public would not be inclined to accept Mr. Tumulty's denial."

Reed Wants the Records

"There is one way this dispute can be settled. Let the president produce the stenographic records of the peace conference showing just what was said. These official reports have been studiously suppressed and kept secret although the senate foreign relations committee asked expressly for them. It was stated by Clemenceau's private secretary that the reason the sessions were held in secret was be-

CHIEF CONTENT TO LET VOTERS DECIDE WHO TELLS TRUTH

SALISBURY, Mo., Oct. 7.—Senator Selden P. Spencer, when informed of President Wilson's telegram to him today, prepared the following message for transmission to the president:

"There must be no misunderstanding about a matter of such great national importance as to whether you stated to Premier Brathorn of Rumania that the American army and navy would be sent across the sea in case the world was again threatened. It has for months been publicly stated that such an agreement on your part is incorporated in the stenographic report of the eighth plenary session of the peace conference. I again beg of you to let me know whether you made such an agreement."

WILSON ANSWERS SPENCER

WASHINGTON, Oct. 6.—President Wilson today telegraphed Senator Spencer, Republican, Missouri, that he was content to let the voters of Missouri decide which of them was telling the truth. The telegram referred to Senator Spencer's charge that the president had promised military aid to Rumania and Serbia which the president yesterday said was false.

Train Carrying Roosevelt Has Narrow Escape

(Associated Press Leased Wire)
PUEBLO, Colo., Oct. 6.—The train carrying Franklin D. Roosevelt, Democratic nominee for the vice-presidency, brought into Pueblo tonight two men who were injured near Buttes, 20 miles north of here, at 6:50 o'clock this evening when a Denver and Rio Grande freight train struck an automobile at a grade crossing and killed one man and injured two.

The passenger train carrying Roosevelt's party was closely following the freight and came up just as the freight crew was rendering first aid to the injured. They were placed in the train while the body of the dead man, G. Gaffney, of Nebraska, was taken into the Santa Fe depot at Buttes to await the arrival of the coroner from El Paso county. The freight train took a siding and the passenger train rushed to Pueblo.

SENATOR BORAH SAYS EXECUTIVE SEWED WAR SEED

(Associated Press Leased Wire)
NEW HAVEN, Conn., Oct. 6.—Senator William E. Borah of Idaho, in an address tonight made a vigorous attack on President Wilson's recent statement on Article 10 of the league of nations covenant. He declared that if this government refused to take up arms to aid a country in the league which was invaded by an enemy, "the United States steps out discredited and dishonored and the seeds of wars are scattered broadcast."

"The president's last letter to the public informs us that Article 10 does not interfere with congress to declare war or not to declare war," said Senator Borah. "I can conceive of but one way that congress could get out of declaring war in case of the invasion of territory of a member of the league and that would be to violate and wholly disregard their plain terms of the treaty, and to rend in pieces the league covenant itself. The president has said before upon a very solemn occasion, that Article 10 constitutes a supreme moral obligation upon the part of our nation, which moral obligation, he declared, to be more binding than an obligation of law or contract. Congress is but an agent of the nation, and, in refusing to carry out a solemn promise, would brand our whole people with dishonor and moral turpitude."

"Monstrous Combination"

"Are we about to enter into some kind of a monstrous combination in which supreme moral obligations are to be disregarded when the exigency arises? Are we about to enter into a scheme which we are to carry out at great and untold sacrifice to our people, or refuse to carry out at the cost of national honor and national decency? Have we already reached the point in international debauchery where we are plainly promising one thing and plainly intending to do another thing, if our own interests suggest it? Are we going into a world-wide scheme for peace behind which is the honor of the nation or are we going into a European scheme to be executed as usual under influences of treachery and trickery?"

Hour Has Come to Choose

"If we go into this scheme and the hour comes when the United States must choose between the faithful execution of its treaty or shameful avoidance, our people will choose the path of honor and execute even at the cost of treasure and blood. We have not yet accepted in

MINERS KILL DEPUTY; FIVE INJURED

Mexicans Slay Policeman and Civilian In Bitter Fight

FIVE MEN BURIED ALIVE IN CAVE-IN AT MINE

MINERS SLAY DEPUTY

CHARLESTON, W. Va., Oct. 6.—

One deputy sheriff was killed, three others were wounded seriously, and two miners were shot in a fight tonight at Blair, Logan county, West Virginia, on Little Coal River, according to information received here by Fred Mooney, secretary of District 7, United Mine Workers of America.

Mr. Mooney announced that his report on the fight indicated that the trouble started when the deputy sheriff interrupted a meeting of Blair Local Union No. 2887, United Mine Workers. He added that according to information received by him, Joseph Gore, Logan county deputy sheriff, was killed and that one miner was wounded probably fatally. The shooting occurred, Mr. Mooney said he was informed, when Gore

and a miner got into an argument, during a meeting of the local union.

LABORERS KILL OFFICER

PITTSBURGH, Pa., Oct. 6.—After killing a patrolman and a civilian, a crowd of Mexican laborers, armed with pistols, barricaded themselves in a boarding house at Homestead, a suburb, tonight and gave battle to a posse of police and firemen in an exchange of shots.

The trouble began, according to the police, when two patrolmen attempted to arrest the Mexicans for disorderly conduct. One of the Mexicans produced a pistol and killed Patrolman William Smith and wounded Patrolman Henry Davis.

They then retreated to a Mexican boarding house where they shot and killed the proprietor and barricaded

themselves.

The police found it impossible to break into the house in the face of a constant fusillade.

Shortly after 10 o'clock firemen were laying several lines of hose with the intention of directing streams into the boarding house windows.

FIVE BURIED ALIVE

SAN BERNARDINO, Calif., Oct. 6.—Five men have been buried by a cave-in of a mine near Lanfair, 250 miles east of here, near the Nevada line, according to a telegram tonight to Sheriff W. A. Shay.

A relief party was promptly dispatched for the scene. The message said one of the men was known to be dead, but gave meager details.
